About DeVinci's

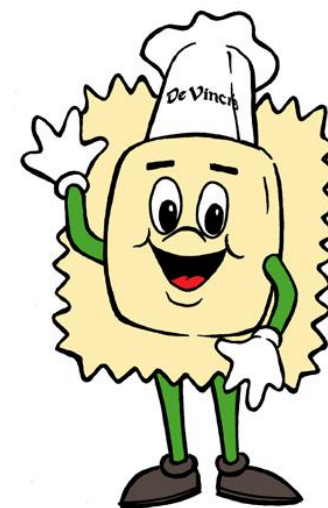

De Vinci's original store opened in Stockton in 1979. For over 30 years, *De Vinci's* has been famous for its generous portions, affordable prices and most of all, for its flavorful handmade ravioli, salads and meat sauce. We offer casual eat-in or take-out dining and a wide variety of catering options.

Customers can select from an assortment of homemade pastas, salads, sandwiches and side dishes. Extended selections are available for catered events as well. Let us provide you with a homemade hot meal of pasta, freshly baked foccacia bread, rosemary chicken, salad and dessert. We can also provide boxed lunches with deli sandwiches, chips, fresh fruit and/or a cookie for business lunches or outdoor events. Our meat and cheese trays, vegetable trays, fruit trays, or Frittata and Torta trays make a hearty delicious addition to your table for any gathering.

We cater business and corporate functions, weddings, holiday celebrations, birthdays, graduations and fund raisers – any event where people come together. Our staff is ready to assist you in making your event a huge success – with great food that we are sure your guests or clients will love!

As you plan your next event, consider *De Vinci's* as your caterer! Please visit any of our stores and try our famous raviolis or one of our other daily specials.
